

ERASMUS+ IS... enriching lives and opening minds!

Erasmus+ continues the tradition of the previous programming period, the objective set for the period 2014-2020 and building upon the following:

- Support mobility and diversity
- Fostering digital skills
- Environment and climate change

  
Erasmus+ is structured on 3 Key Actions (KA):

- KA1 Learning mobility of individuals  
It supports the mobility of individuals abroad for the purpose of study, work, teaching, training, as well as for the development of professional qualifications and skills.
- KA2 Cooperation among organisations and institutions  
It supports the cooperation among organisations and institutions and is expected to result in jointly addressing significant issues, in creating partnerships and in sharing innovative practices.
- KA3 Support to policy reform in the field of education  
It supports cooperation among organisations for the exchange of good practices and the development of innovative actions.

## Czestochowa Region

The Cracow-Częstochowa Upland, also known as the Jura (Jurassic Landscape Park), is one of the most attractive places in Poland.

It is a narrow strip of land stretching for about forty kilometers between Częstochowa and Wieluń to the north and Cracow to the south.

It is a land of exceptional beauty with its rocky hills, numerous caves, picturesque gorges, monadnocks and extremely rich vegetation.
