

## **Educational Collaborations**

### **Doctoral Thesis Supervision**

The academic staff of the Department of Environmental Sciences actively supervise doctoral theses in collaboration with other Departments, University of Thessaly, and other HE Institutions in Greece and abroad. Specifically:

#### **Collaborations in Greece with:**

- Department of Special Education, UTH.
- Department of Digital Systems, UTH.
- Department of Biochemistry and Biotechnology, UTH.
- Department of Agriculture, Crop Production and Rural Environment, UTH.
- Department of Food Science and Nutrition, UTH.
- Department of Economic Sciences, International Hellenic University.
- Department of Mathematics, National and Kapodistrian University of Athens.

#### **Collaborations in Europe with:**

- Université Claude Bernard Lyon 1, France.
- Archaea Biology and Ecogenomics Unit, Department of Functional and Evolutionary Ecology, University of Vienna, Austria.

In addition, the Department academic staff have participated as members in the 3-Member Advisory Committee in 10 doctoral theses of other Departments and HE Institutions, both in Greece and abroad.

### **Co-teaching of Undergraduate and Postgraduate Courses**

Members of the Department academic staff are involved in co-teaching, which is an important factor in strengthening interdisciplinarity and academic collaboration.

Within the framework of the MSc in Environmental Management, co-teaching is further applied through collaboration with distinguished scientists and guest speakers from other Greek Departments and HE Institutions, such as:

- Department of Accounting & Finance, UTH.
- Department of Planning and Regional Development, UTH.
- Division of Mathematics and Engineering, Hellenic Army Academy.
- Department of Medicine, Democritus University of Thrace.

Members of the Department academic staff have also participated in various interdepartmental and international Postgraduate programmes, including:

- HosMic, MSc in Host-microbe interactions (Department of Ichthyology and Aquatic Environment, UTH; Department of Agriculture, Crop Production and Rural Environment, UTH & Department of Biochemistry and Biotechnology, UTH). <https://hosmic.uth.gr/>
- MSC in Animal Production and Environmental Management, Department of Animal Production Science, UTH.
- MSC in Mediterranean Aquaculture, Department of Ichthyology and Aquatic Environment, UTH.

- MSc in Waste Management and MA in Educational Sciences, Hellenic Open University.
- MSc in Infectious Diseases – International Medicine: From Bench to Bedside, School of Health Sciences, Democritus University of Thrace.
- MA in Education for Sustainability and the Environment, Department of Ichthyology and Aquatic Environment and Department of Special Education, UTH.
- MSc in Applied Geography and Spatial Management, Department of Geography, Harokopio University.
